Index to MACHINERY

A		Aluminum, Die Clearances for Blanking. E. J. Rodee.....	608
Abbott Ball Co.: Snapshots in a Steel Ball Making Plant.....	690	Aluminum Parts, Data for Designing Sheet.....	608
Abrahamson, Otto, Personal of.....	260	K. George Selander.....	142
Abrasive Machine Tool Co.: Improved Surface Grinder.....	114	Aluminum Sheets, Welding Thin.....	711
Accidents, Posting Information About Plant.....	125	Aluminum, Tapping. W. E. Warner.....	234
Accidents, Records That Help Reduce. A. H. Rodrick.....	6	Vertical Broaching Machine.....	240
"Ace" Heavy-duty Electric Grinders.....	247	American Broach & Machine Co.: Hydraulically Operated Shaper.....	575
Acetylene Manifolds, Oxygen and.....	1002	Twelve-ton Hydraulic Press.....	948
Ackerman, E.: Training Supervisors.....	13	Broaches of Unusual Size.....	735
Acme Electric Welder Co.: Motor-driven Spot-welders.....	575	American Electric Fusion Corporation: Direct-current Electric Welding Unit.....	504
Acme Machine Tool Co.: Turret Lathe Designed for Tungsten-carbide Tools.....	900	American Engineering Council, New Officers of.....	75
A. C. Spark Plug Co.: What Goes Out in Your Waste Cans?.....	841	American Flexible Coupling Co.: Flexible Coupling.....	557
Acyclic Direct-current Electric Welding Unit.....	735	Convention and Exhibit.....	599
"Adachrome Plastic Super-cement".....	487	Meeting and Exhibition.....	802
Adams Co.: Milling Equipment for Planers.....	120-V	American Gear Manufacturers' Association: Semi-annual Meeting.....	225
Advertising Campaign Planned, Cooperative.....	948	Annual Meeting.....	766
Advertising Folders, Convenience of.....	950	American Machine Tool Industry, The.....	187
Advertising Methods, Changes in.....	192	American Machines in Germany, Display of.....	965
Aeronautical Draftsmen, Training. G. H. Gunn.....	689	American Maco Template Co., Inc.: Adjustable Template.....	836
Aeronautical Industry in 1929, The.....	441	American Railway Association (Mechanical Div.): Annual Meeting.....	896
Aeronautics, Orville Wright Awarded Medal for.....	560	American Society for Steel Treating: Steel Treating Discuss Important Problems.....	159
Age and Cost on Machines, Marking.....	474	Semi-annual Meeting.....	556
Ainsworth, Cyril, Personal of.....	661	National Metal Exposition.....	691
Ainsworth, Harry, Obituary of.....	584	Nominates Officers for 1930.....	39
Air Cleaner, Hammond Motor.....	747	Fuels Meeting.....	158
Air Compressors, see Compressor.....		Fiftieth Anniversary.....	204, 358
Aircraft Engines, Equipment for Building. Charles O. Herb.....	505	Charles Piez Elected President for 1930.....	601
Aircraft Motors, Chemical Cooling of.....	11	Management and Materials Handling Meetings.....	228
Aircraft Shops, Bench Designing in. John F. Hardecker.....	130	Fiftieth Anniversary.....	611
Aircraft Welders, Training.....	189	Semi-annual Meeting of.....	892
Air Cylinder for Milling Machine, Universal. J. E. Fenno.....	62	American Tool Works: Improvements for American Radial Drilling Machines.....	117
Air Cylinders, Logan Self-adjusting Non-rotating.....	79	American Welding Society: Annual Meeting.....	716
Air-operated Equipment, Hannifin.....	117	Ames Co., B. C.: Dial Micrometer.....	497
Air-operated Table for Multiple Drilling Machine. J. E. Fenno.....	698	Amos, A. G.: Combination Bending and Trimming Die.....	152
Airplane, Building the Framework of the Moth. Freeman C. Dutton.....	970	Ampco Twist Drill Co.: A Lathe Mandrel of Many Uses.....	52
Airplane Control Systems, Ball Bearings for.....	536	Anderson, G. A., Personal of.....	837
Airplane-engine Cooling, Improved.....	278	Anderson, Dr. Robert J., Personal of.....	837
Airplane Engine Cylinder Heads, Machining. Charles O. Herb.....	763	Angell, W. R., Personal of.....	660
Airplane Engines, Forging Wrenches for. Charles T. Ketz.....	352	Angle-brackets, Die for Making. E. A. Sisson.....	47
Airplane Engines, Instrument Indicates Temperature of.....	60	Angle-irons, Die for Bending. G. Runquist.....	307
Airplane Engines, Relative Cost of.....	358	Angle-plate for Tool-room Work, Alliance Adjustable.....	255
Airplane Engines, Rolling Grooves in Aluminum Pistons for. H. T. Laffin.....	611	Angle Steel Stool Co.: Drill and Reamer Bin.....	922
Airplane Engine, Building the Gipsy-Moth. Freeman C. Dutton.....	617	Angular Surfaces and Holes, Checking Positions of. William S. Rowell.....	549
Airplane Industry, Growth of the.....	442	Annealing Monel Metal. W. E. Warner.....	392
Airplane Industry, Precision Grinding in the. John M. Krings.....	321	Annealing Stampings in Automatic Furnace.....	530
Airplane Propeller Lathe, Defiance.....	334	Annealing Wire Wheel Hubs, Equipment for. W. M. Hepburn.....	452
Airplane Propeller Test Unit, Costly.....	304	Annual Ton-mileage Handled by Motor Trucks.....	784
Airplane Welding Done in Jigs. Charles O. Herb.....	372	Apex Machine Co.: Tool-holders and Nut Setters.....	120-Q
Airplanes, Constructing Fuselages for. E. F. Lake.....	702	Floating Tap Sleeves.....	339
Airplanes, Drawing Tubing for.....	146	Large Size Friction Chuck.....	835
Airplanes, Fafnir Ball Bearings for.....	80-A	Vocational, see also Education, Training.....	
Air Pressure Warming for Press Cushioning System, Low.....	48	Apprenticeship Methods, Modern.....	282
Air Valves and Couplings, Shut-off.....	746	Apprenticeship, The Need of the Metal Trades. Harold S. Falk.....	771
Ajax Mfg. Co.: "Super" Upsetter.....	650	Apprentice Shop, Chevrolet.....	306
Ajax Metal Co., Fifty Years Old.....	810	Apprentice System, An Up-to-date.....	580
Albrecht, Charles: Adjustable Block for Setting Up Work.....	974	Apprentice System, Belgian.....	280
Aldrich, Arthur: Making Production Equipment More Efficient.....	557	Apprenticeship Training, Importance of Wages in. C. J. Freund.....	956
Alenite Corporation: Inexpensive Fixtures for Running-in New Tools.....	594	Apprentice Training is a Joint Responsibility.....	120-X
Fast-loading Arrangement on a Screw Machine.....	208	Apprentice Training, Methods of.....	538
High-production Milling Operation on Hand.....	370	Apprentices, Training Drafting. Harry Kaufman.....	539
Screw Machine.....	454	Arbor, Conradson Expansion Shell Reamer and Expansion.....	417
Five-operation Dial-feed Die.....	544	Arbor for Collars, Roller. J. E. Fenno.....	309
Threading Two Tubes At a Time Automatically.....	591	Arbor Support for Cutters of Small Diameter. Clifford Cornwall.....	884
Tapping Brass Fittings with Tap of Unusual Length.....	759	Arbor Without Stopping Lathe, Reloading Nut. J. E. Fenno.....	710
Two Spiral Grooves Milled with One Cutter.....	873	Arbor with Removable Stop, Expansion. J. E. Fenno.....	317
Assembling 4440 Fittings Per Hour.....	873	Are Welding, see Welding.....	
Drilling and Tapping 3150 Fittings Hourly.....	945	Arcl, Charles E.: Over-run Pawl Clutch.....	183
"Alive" Ball-bearing Centers.....	74	Ardagh, John C., Personal of.....	837
Allen-Bradley Co.: Overload Breakers and Motor Starters.....	247	Armor Plate with a Carbide Saw, Sawing.....	721
Starting Switch.....	656	Armstrong-Bray & Co.: "Steelgrip" Flexible Belt Lacing.....	339
Pressure Switch.....	746	Armstrong Bros. Tool Co.: Tungsten-carbide Tool-holders.....	913
Allen, Jr., C. Brigham, Personal of.....	660	Armstrong, C. H., Personal of.....	1008
Allen, C. Edgar, Personal of.....	261	Armstrong, Horace, Personal of.....	924
Alpen, Ernest C.: Compensating Holder for Multiple Riveting Punch Mounting for Ball Bearings.....	211	Arter Grinding Machine Co.: Grinding Machine Improvements.....	120-B
Helical Spring Type Oil Retainer.....	472	Articles, Permanent Value of Technical.....	522
Alliance Tool Co.: Shop and Tool-room Accessories.....	255	Ashland Machine Tool Co.: Air-operated Drilling Machine Vise.....	495
Allowances on Castings and Forgings.....	120-X	Assemblies, Fixtures for Testing Sub. B. J. Stern.....	788
Alloy, Hascrome—A New Self-hardening.....	941	Assemblies, Gage for Testing Small. Srend J. Helweg.....	307
Alloy of Great Strength, Die-casting.....	207	Assembling Floor, Leveling Block for. George A. Fries.....	885
Alshul, Arthur C., Personal of.....	344-A	Assembling 4440 Fittings Per Hour.....	873
All-Steel-Equip Co.: Steel Cabinet for Small Tools.....	831	Assembling Machine, Baush Two-spindle.....	80-A
Steel Tool Chest.....	834	Assembling Small Parts by Vibration, F. E. Judson.....	279
Aluminum Alloy, Ten-ton Crane Constructed from.....	562	Associated Machine Tool Dealers: Spring Convention of.....	891
Aluminum, Best Methods for Polishing.....	175		
Aluminum Bronze.....	379		
Aluminum, Chromium-plating.....	199		
Aluminum, Coating Duralumin with.....	605		
Aluminum Co. of America: A Modern Industrial Research Laboratory.....	949		
		Aston, Dr. James, Personal of.....	660
		Auburn Ball Bearing Co.: End-thrust Ball Bearing.....	744
		Automatic, Gridley Heavy-duty Four-spindle.....	819
		Automatic Lathe with Hydraulic Feed and Control. Barnes.....	723
		Automatic Lathes, Turning Axle Shafts on. H. T. Laffin.....	365
		Automatic, "Lo-Swing" Piston-turning.....	89
		Automatic Machine Co.: Diamond-boring Automobile Connecting-rods.....	401
		Diamond-boring Automobile Pistons.....	561
		Diamond-boring Applied to Production Work.....	775
		Automatic Machine, Langelier Semi.....	832
		Automatic Screw Machine, see also Screw Machine.....	
		Automobile, A Gasoline Electric.....	154
		Automobile Connecting-rods, Diamond-boring.....	401
		Automobile Industry, Scarcity of Skilled Help in the. Oliver Herbert.....	193
		Automobile Industry, Statistics of the.....	596
		Automobile Industry? What is Ahead in the.....	402
		Automobile Output, World's.....	3
		Automobile Parts, Duplex-wheel Grinding. John M. Krings.....	958
		Automobile Pistons, Diamond-boring.....	561
		Automobile Pistons in a Chucking Machine, Turning.....	722
		Automobile Plant Reorganized for Maximum Efficiency, Continental Motors.....	458
		Automobile Steering Knuckles, Milling. Charles D. Oesterlein.....	8
		Automobiles, Cost of Operating.....	39
		Automobiles, Diesel Engines for.....	875
		Automobiles, Heavier Frames and Lighter Springs for.....	129
		Automotive Engineers, Society of, Annual Meeting.....	379
		Automotive Metal Parts Cleaner, Colt.....	120-R
		Avey Drilling Machine Co., Inc.: Drilling Machine with "Texrope" Drive.....	493
		Axelsson Mfg. Co.: Improved Heavy-duty Lathes.....	996
		Axle Housings are Finished, How Plymouth.....	137
		Axle Shafts on Automatic Lathes, Turning. H. T. Laffin.....	365
		Axles, Fatigue Cracks in Rear.....	361
B		Babbitt Lining and Shell, Uniting. W. E. Warner.....	885
		Babbitt, William Crane, Personal of.....	504
		Babbitt, Metal Parts Cleaner, James Silberstein.....	470
		Babbitt Machines, Centrifugal.....	79
		Bailey, Ervin G., Personal of.....	1008-A
		Baillet, P. F., Personal of.....	80-C
		Baird Machine Co.: Turning Automobile Pistons in a Chucking Machine.....	722
		Baker, Donald: Equalizing Multiple Fixture.....	149
		Multiple-cutter for Graduating Micrometer.....	469
		Sleeves.....	547
		Punching Taper Holes to Avoid Countersinking.....	952
		Milling Fixture with Centralizing Feature.....	975
		Device for Setting Toolmakers' Buttons.....	164
		Baker, E. C., Personal of.....	260
		Baker, V. C., Personal of.....	835
		Baker-Case Mfg. Co., Inc.: Machinist's Chests.....	955
		Balancing Light Work, Fixture for.....	989
		Balancing Machine, Globe Dynamic.....	744
		Ball Bearing, Auburn End-thrust.....	407
		Ball-bearing Centers, "Alive".....	65
		Ball-bearing Live Center, "Red-E".....	999
		Ball-bearing Raceways, Lapping. H. J. Wills.....	386
		Ball Bearing, S. K. F. Felt-seal.....	819
		Ball Bearings, Equipping Milling Machine Spindle with.....	536
		Ball Bearings, Fafnir Felt Seal.....	80-A
		Ball Bearings for Airplane Control Systems.....	472
		Ball Bearings, Mounting for. Ernest C. Allen.....	251
		Ball Bearings, New Departure N-D-Seal.....	916
		Ball Bearings, Norma-Hoffmann "Greaseal".....	12
		Ball Bearings, Shafts are Mounted "In" Not "On".....	690
		Ball Making Plant, Snapshots in a Steel.....	924
		Ball of Roller-bearing Adjustment, "Tacup".....	878
		Balls, Indexing Flunger Operated by Steel. J. E. Fenno.....	472
		Balls in Tool-room Work, Using Steel. Charles Kugler.....	672
		Bar Stock by Magnetic Analysis, Inspecting. R. R. Moore.....	232
		Barber-Colman Co.: Hobbing Machine.....	46
		Barish, B. W.: Locating the Decimal Point in Slide-rule Calculations.....	386
		Assembling Rings with Tapered Shrink Fits.....	504
		Barkle, John E., Personal of.....	723
		Barnes Corporation, John S.: Automatic Lathe with Hydraulic Feed and Control.....	902
		Barnes Drill Co.: Drilling and Tapping Machine.....	120-K
		Gang Drilling Machine with Hydraulic Indexing Table.....	336
		Honing Machine for Large Cylinders.....	478
		Honing Machine for Medium-sized Cylinders.....	648
		Front Axle Drilling Machine.....	577
		Barrett-Cravens Co.: "Red Junior Barrett" Lift Truck.....	1008-A
		Bartlett, David, Personal of.....	1004
		Bases, Brown & Sharpe Index.....	1000
		Bastian-Blessing Co.: Oxy-acetylene Gas Regulator.....	1000
		Bath & Co., Inc.: Adjustable Plain Plug Gage.....	120-F

Bath Motor-driven Universal Grinding Machine.....	490	Boring and Reaming Machine, DeLance Two-way	344	Buffalo Forge Co.:	
Batt, W. C., Personal of.....	924	Horizontal.....	344	Sensitive Drilling Machines.....	80-4
Bausch Machine Tool Co.:		Boring and Turning Machine, Large.....	318	Sliding-head Drilling Machines.....	120-4
Two-spindle Assembling Machine.....	80-A	Boring and Turning Mill, Mammoth Vertical.....	537	Attachment for Buffalo Bending Rolls.....	120-4
Baylor, Arnstadt K., Obituary of.....	80-D	Boring and Turning Mill, Sellers 35-foot.....	811	Wrapping Rolls.....	572
Beading Machine, Niagara.....	656	Boring and Turning Tools, O. K. Milling.....	120-D	Heavy Billet Shears.....	825
Bearing, see Ball, Roller, etc.		Boring and Vertical Milling Machine, DeLance.....	341	Universal Shears.....	904
Bearing, Johnson Self-lubricating.....	494	Drilling.....	103	Buffer, Hammond Combination Grinder and.....	913
Bearing Material, Rubber as a.....	308	Boring and Vertical Milling Machine, Reed-Prentice Jig.....	256	Buffing and Polishing Lathe, Hammond Heavy-duty.....	500
Bearing Metal, "Sabeco".....	113	Boring Applied to Production Work, Diamond.....	775	Buffing and Polishing Machine, Hisey.....	331
Bearings, Babbitting Large, James Silberstein.....	470	Boring Automobile Pistons, Diamond.....	561	Buffing Lathe, Hammond "Rite-Speed" Polishing and.....	572
Bearings for Camshafts, Improved Methods of Finishing, Charles O. Herb.....	526	Boring-bar, Facing Head which Can be Quickly Moved on the Charles C. Tomney.....	787	Buffing Lathe, "Rite Speed" Motor-in-base Polishing and.....	71
Bearings for Heavy-duty Vehicles.....	375	Boring-bar, Rigid Method of Holding Cutter in.....	210	Buffing Lathes, Bridgeport Motor-driven.....	821
Bearings for Large Westinghouse Motors, Leak-proof.....	830	Boring-bar with Pilot Bushing, Blind Hole.....	879	Buffing Machine, "Cipco" Automatic Polishing and.....	119
Bearings, Garvin Speed-box with Timken.....	76	Boring-bars, Making Square Slots in, Walter E. Gunnerson.....	798	Buffing Machines of Steel Construction, Grinding Machines and.....	828
Bearings Immersed in Water, Lubrication of.....	368	Boring, Drilling and Milling Machine, Betts.....	567	Buffing Wheels, Rubber-cushioned.....	917
Bearings, Lubricants for Low-speed.....	449	Boring, Drilling and Milling Machine, Lucas.....	90	Buhr Machine Tool Co.:	
Bearings Lubricated Automatically, Seventy-two Machine.....	719	Boring Equalizer Stands, Equipment for Re.....	692	Inverted-type Multi-head Drilling and Boring Machine.....	477
Bearings, Recent Developments in.....	280	Boring Fixture for Journal Brasses, H. H. Henson.....	692	Hydraulic-feed Multi-head Drilling Machine.....	736
Bearing Shells Preparatory to Relining, Cleaning, W. E. Warner.....	472	Boring Head for Milling Machine, Albert Milton Thomas.....	790	Building Up an Organization From Within, Alfred Kauffmann.....	683
Beaver "Four-Poster" Die Stock.....	578	Boring Heads, Gairing Swing-tool.....	120-A	Buildings, Large Welded Office.....	940
"Beaver" Grooving Tools for "Vitalite" Joints.....	417	Boring Machine, Betts Oilgear-feed Car-wheel.....	820	Bullard, A. H., Obituary of.....	752
Beggs, J. S.:		Boring Machine, Buhr Inverted-type Multi-head Drilling and.....	477	Bullard Co.:	
Time Required for the Action of a Spring.....	376	Boring Machine, Ingersoll Open-side Milling and.....	112	New Process for Finishing Metal.....	640
Variable Rotary Motion.....	760	Boring Machine, Pratt & Whitney Jig.....	68	Bullington, L. C., Personal of.....	581
Bell, Joseph:		Boring Machine, Societe Genevoise Jig.....	986	Burd, Frank J., Personal of.....	660
Helping Employees to Obey Shop Rules.....	12	Boring Mill, Jones High-speed Horizontal.....	229	Burmeister, H. L.:	
Preventing Spoiled Work.....	130	Boring Operations With Diamond Tool.....	40	Special Table Stops for Milling Machine.....	545
Should Verbal Orders be Accepted?.....	934	Boring Tools and Lathe Centers, Selik Hammered.....	573	Burnisher, Cincinnati Gear.....	87
Helping the Customer Order Correctly.....	973	Boston Gear Works Sales Co.:		Burnishing Fixture, Rounding and, B. J. Stern.....	627
Bellevue Industrial Furnace Co.:		Compound Vertical Speed Reducers.....	120-S	Burnishing Machine, Bolender Gear-tooth.....	727
Tool Brazing Furnaces.....	832	Botfield Refractories Co.:		Burnishing Machine, Bolender Model 1 Gear-tooth.....	914
Belt and Chain Drives, Automatic Overload Trip for, W. J. Gibbs.....	513	"Adachrome Plastic Super-cement".....	487	Burnishing Machine, Crown Motor-driven.....	827
Belt Lacing, "Steelgrip" Flexible.....	339	Botwinik, Harris, Obituary of.....	80-D	Burning and Polishing Machine, Schraner Camshaft.....	907
Belt Shifter, U. S. Cone-pulley.....	497	Bowen Products Corporation:		Burrows, William R., Personal of.....	1008-A
Belts, New Method of Making Leather.....	944	Positive Lubrication System.....	997	Burrs, Keller Mill-cut.....	834
Belting Standardization, Leather.....	525	Bowers, C. J., Personal of.....	993	Burt, Clayton R., Personal of.....	661
Bench Designing in Aircraft Shops, John F. Hardecker.....	130	Box-forming Machines, Schatz Brake, Rounding and.....	993	Bushings, Expanding Mandrel for Locomotive.....	511
Bench, Designing Tools at the.....	180	Boyd, H. W., Personal of.....	660	Cylinder, J. H. Hahn.....	511
Bending and Straightening Machine, Thomas.....	653	Boye & Emmes Machine Tool Co.:		Business Forecasts, A Scientific Basis for, Alvan T. Simonds.....	603
Bending and Trimming Die, Combination, A. G. Amos.....	152	"Conelless" Lathes.....	245	Business, Getting Ready for Increased.....	809
Bending Angle-irons, Die for, G. Runquist.....	307	Bradford Machine Tool Co.:		Business Outlook in the Machinery Industry, The.....	345
Bending Machines, Pedrick Motor-driven Pipe.....	735	Special Drilling and Reaming Machines.....	327	Business, Prepare for the Next Increase in.....	442
Bending Rolls, Attachment for Buffalo.....	120-H	Three-way Drilling and Reaming Machine.....	486	Business Training for the Engineer.....	353
Bending Steel Pipe, Machine for Cold, Paul H. White.....	275	Drilling, Counterboring, Tapping, and Reaming Machines.....	817	Buswell, M.:	
Benedict, John G., Personal of.....	581	"Kant-Slip" Apron Feed Mechanism for Engine Lathes.....	906	Reducing Labor Turnover.....	193
Bentley, Frank:		Brake and Folder, "Pexto".....	494	What is Dependability Worth?.....	593
Soft Rubber Assembling Mallet.....	631	Brake, Cincinnati Press.....	818	The Power Plant is not the Only Place to Reduce Power Costs.....	935
Bernitz, J. I., Personal of.....	837	Brake, Press, see Press.....		Button Units, Westinghouse Push.....	495
Besly & Co., Charles H.:		Brake, Rounding and Box-forming Machines, Schatz.....	993	Buttons, "Make-Shur" Threaded Locating Buttons.....	239
Double-spindle Grinding Machine.....	897	Brake-shoe Bands, Truing.....	296	Buttons, Spacing Holes Rapidly with Toolmakers' Charles Kugler.....	711
Berthiez, Charles:		Braking Controller for Crane Hoists.....	579	Buy Results, Not Mere Materials, Peter De Pasqual.....	371
Large Boring and Turning Machine.....	318	Brass Fittings with Tap of Unusual Length, Tapping.....	591	Buying Needs, Information the Machine Tool.....	230
Planer with Mechanical High Return Speed.....	519	Brass Part, Piercing Holes in.....	553	Buying and Selling, A Code of Ethics for.....	624
Beryllium—A Metal of the Future.....	529	Brasses, Boring Fixture for Journal, H. H. Henson.....	242	Buying Standard Parts, Economy of.....	858
Betts Horizontal Boring, Drilling and Milling Machine.....	567	Braun Heavy-duty Radial Drilling Machines.....	679		
Betts Oilgear-feed Car-wheel Boring Machine.....	820	Brayton, H. M.:			
Betz, William C.:		Designing Steel Springs for Two Loads.....	217		
Gray Finish for Tools.....	800	Brazing, Dip or Immersion, A. Eyles.....	832		
A Successful Bonus System in the Tool-room.....	938	Brazing Furnaces, Bellevue Tool.....	205		
Bevel Gear Generators, Reinecker.....	651	Brazing in Electric Furnaces, Copper, H. M. Webber.....	18		
Bevel Guide for Lathe, J. E. Fenno.....	150	Breakdowns, Inexperience Causes.....	247		
Beveling Plates, Rotary Knife Shears for Trimming and.....	569	Breakers and Motor Starters, Allen-Bradley Overload.....	247		
Bilgram, Hugo, Celebrates Eighty-third Birthday.....	643	Breuer Electric Mfg. Co.:			
Bin, Drill and Reamer.....	922	"Tornado" Portable Paint Sprayer.....	250		
Bins, Simplex Nesting.....	922	Vacuum Cleaner for Industrial Uses.....	740		
Birdsboro Steel Foundry & Machine Co.:		Bridgeport Safety Emery Wheel Co., Inc.:			
An Up-to-date Apprentice System.....	580	Motor-driven Buffing Lathes.....	821		
Bishop Wire and Cable Corporation:		British Metal-working Industries, The.....			
New Method of Remote Machine Control.....	368	1.....	51		
Black & Decker Mfg. Co.:		2.....	229		
Ball-bearing Bench Grinder.....	120-C	3.....	326		
Black Finish on Steel, Obtaining.....	50	4.....	421		
Blade Attachment, Forsberg Hack Saw Frame and Broken.....	248	5.....	558		
Blades, Milling Cutters with Welded.....	204	6.....	639		
Blades, Simonds Hack Saw.....	120-S	7.....	810		
Blanchard, E. P.:		8.....	894		
The Problem of Designing for Production.....	595	9.....	979		
Blanking Aluminum, Die Clearances for, E. J. Rodge.....	1				
Blanking Pressures for Mild Steel, Chart for Determining, B. J. Stern.....	548				
Bliss Co., E. W.:					
High-speed Presses.....	335				
Shear Type Scrap Cutter for Bliss Presses.....	648				
Double-eccentric High-production Press.....	735				
Double-throw Press with Four-screw Slide Adjustment.....	814				
Redesigned Single-throw Toggle Drawing Presses.....	987				
Bliss, Professor Collins P., Personal of.....	660				
Block for Setting Up Work, Adjustable, Charles Albrecht.....	974				
Blocks for Locomotives, Machining Double-radius Chafing, J. H. Hahn.....	450				
Blount Co., J. G.:					
Tap Grinder.....	120-D				
Grinder for Tungsten-carbide Tools.....	333				
Wet Grinding Machine for Tungsten-carbide Tools.....	816				
Blower and Vacuum Cleaner, Combination.....	747				
Blowpipe and Welding Rod, Oxweld.....	645				
Blowpipe Flame, Cleaning Molds by the Welding, "Blue Diamond" High-speed Drills.....	824				
Blueprinting Machine, Revolute Automatic.....	412				
Bodine Electric Co.:					
Motor-driven Pole Changer.....	344				
Bolender Gear-tooth Burnishing Machine.....	727				
Bolender Model 1 Gear-tooth Burnishing Machine.....	914				
Bolt and Stud Pointer, Kent.....	828				
Bolts At High Speed, Pressing Washers on.....	375				
Bonney Forge & Tool Works:					
Double-hexagon Wrenches.....	251				
Bonus for Beginning Work on Time.....	601, 848, 935				
Bonus System in the Tool-room, A Successful, William C. Betz.....	938				
Borden Co.:					
"Beaver" Grooving Tools for "Vitalite" Joints.....	417				
"Beaver" "Four-Poster" Die-stock.....	578				
Borer, Moline Cylinder.....	120-P				
Borer, Oliver Portable Wood.....	1005				
Bores, Methods of Measuring Tapered, William S. Rowell.....	589				

Center, "Red-E" Ball-bearing Line.....	407	Clean, Best Way of Keeping Machines. Morton	593	Costs, An Increase in Overhead May Reduce.....	120-X
Centerless Grinders, Hopper for Cincinnati.....	333	Cleaner, Hammond Motor Air.....	747	Costs by Careful Design of Patterns, Reducing.....	538
Centers, "Alive" Ball-bearing.....	74	Cleaner, Ryerson-New Haven Flue.....	651	Costs by Planning Production, Reducing, Howard	523
Centers, Selik Hammered Boring Tool and Lathe	573	Cleaning Bearing Shells Preparatory to Relining.	472	Costs for Inspection, Determining Allowable.....	363
Centering Devices, Design and Use of Self.....	308	W. E. Warner.....	777	Costs, Knowing Your.....	689
Centrifuge and Oil Purifier, Sharples.....	245	Cleaning Castings by Modern Means.....	974	Costs, The Power Plant is Not the Only Place to	935
Century Electric Co.:.....		Cleaning Erasers. H. Kurzweil.....	696	Costs, What a Foreman Should Know About.....	848
Totally Enclosed Fan-cooled Motors.....	577	Cleaning Molds by the Welding Blowpipe Flame.....	551	A. H. Rodrick.....	955
Chace, Jr., N. B., Personal of.....	924	Cleaning Rubber Erasers. Samuel Kauffman.....	288	Counterbore with Reeding Pilot. H. Moore.....	817
Chafing Blocks for Locomotives, Machining Double-	450	"Clean-Up" Day in the Job Shop. John W.	161	Counterboring, Tapping, and Reaming Machines.....	257
radius. J. H. Hahn.....	344	Gardiner.....	584	Bradford Drilling.....	833
